TOE STEM would like to know when or how he is going to court tomorrow. He had a permission on the permission box for a while but I never got permission or notification there at all. I remember I called him on the 2nd of 2:45 - 3:00 he wants to know if he can come to court with you. I volunteered to go. To stay with staff. Our best to all of court and love while for him.

On all counts of my
school and I should come
to help him out
